EXPERIENCE

Brrandom

Kolkata, WB

Web Developer

July 2023 - Present

- Launched 20+ client sites from scratch using WordPress, HTML, CSS and JS.
- Built browser-based web games in JavaScript for clients, and handled everything from custom theming and responsive layouts to deployment and post-launch fixes.

PROJECTS

Blog Site

Next.js, Auth.js, MongoDB, CSS Module

- User authentication via credentials, GitHub and Google, with an admin dashboard for managing users and blogs
- Responsive skeleton loader for fast content loading

Inshorts Clone

React.js, HTML/CSS, SCSS

- Brief news summaries in Hindi and English, with category preferences and article bookmarking
- Mobile-optimized, responsive design

Zomato Clone

React.js, Redux.js, Node.js, Express.js, MongoDB, HTML/CSS, SCSS

- Browse and sort restaurants, add items to a cart, and log in to place an order
